ACTIVITY REPORT

Name of Activity	Seminar on GMP (Good Manufacturing Practices)
Date	April 3, 2021
Resource Person	Mrs. Ritika
No. of participants	63

P.G. Department of Food Science and Technology successfully organized a Seminar on GMP (Good Manufacturing Practices) on April 3, 2021. Mrs. Ritika was invited as a speaker on this event. The main purpose of this seminar was to familiarize students with the concept of GMP. The head of the Department, Dr. Manbir Singh, officiated the event. Mrs. Ritika provided very informative knowledge to students regarding the importance of GMP regulations to minimize or eliminate instances of contamination, mix-ups, and errors in the food industry. She introduced the students to the ten Principles of GMP and explained how Food Industry is regulated by GMPs. She explained the need of Good Manufacturing Practices to ensure food products will be safe, pure, and effective. She emphasized Quality Assurance which ensures that products are consistently produced and controlled to the quality standards appropriate to their use. GMP is an integral part of Quality Assurance. Mrs. Ritika also discussed the basic requirement of GMP. All manufacturing processes are clearly defined, systematically reviewed, and shown to be capable of consistently manufacturing food products of the required quality and complying with specifications. Dr. Gursharan Kaur thanked Mrs. Ritika and students at the end of the event. Overall, this session was interactive and enriching for the students.

ACTIVITY REPORT

Visit to Food Industry dated 23.1.2021

Name of Activity	Visit to Food Industry
Date	23-01-2021
Name of the Industry	Ajnala Co-operative Sugar Mill
No. of participants	56

The Department organized a one-day industrial tour to "Ajnala Co-operative Sugar Mill" on January 23rd, 2021 for M.Sc. Food Technology and BFST students. Dr. Manbir Singh HOD, Dr. Gursharan Kaur, Dr. Shubhpreet kaur and Prof. Ritupriya accompanied the graduate and post graduate students during this visit. The main objective of this industrial visit was to provide the students with an opportunity to learn practically through interaction, working methods and employment practices. It is also a part of course curriculum. Today, we understand that theoretical knowledge is not enough for successful professional career. By going beyond academics, industrial visit provides students a much relevant practical perspective of the actual work place and the larger world business. Industrial visit grant students a great opportunity to interact with industries and know more about industrial environment. This also provides an opportunity to students to combine theoretical knowledge with practical knowledge of its actual functioning. All this makes the importance of industrial visits all too evident, especially for students pursuing a professional course like food science and technology. Students also interacted with the staff of the industry and gained deep insight into the process of sugar manufacturing. At the end of the industrial tour, industry offered refreshments to the students and manager also interacted with the students to answer their various queries.

Report on Free Webinar on "Importance of Chest Physiotherapy in Treatment of Covid-19 Patients"

PG Department of Physiotherapy, Khalsa College Amritsar conducted a free webinar on 5th July, 2020 on the topic of "IMPORTANCE OF CHEST PHYSIOTHERAPY IN TREATMENT OF COVID-19 PATIENTS". Dr. Davinder Kaur Dhillon, Head Department of Physiotherapy welcomed the speaker, Dr. T.S. Muthukumar. Dr. Dhillon said that the webinar was organized keeping in view the important role of physiotherapy in the treatment of Coronavirus affected patients. The speaker, Dr. T.S. Muthukumar, MPT Cardiopulmonary, Associate Professor, JSS College of Physiotherapy & Hospital, Karnataka discussed about the various Chest Physiotherapy techniques to clear the secretions, improve the breathing rate, strengthen the respiratory muscles etc. Dr. Muthukumar said that the physiotherapy treatment is proving to be highly beneficial for the Covid-19 patients and is assisting in early recovery of the patients from this life threatening infection. Dr. Muthukumar himself is treating the Coronavirus patients and said from his experience that the chest physiotherapy is highly needed in the Coronavirus affected patients admitted in the Intensive Care Units, where MPT-Cardiopulmonary physiotherapists play an important role.

According to Dr. Muthukumar, the patients receiving respiratory physiotherapy in early stages of the disease can usually recover without the need of Mechanical Ventilator. Although this disease leaves some permanent damage in the lungs, but the cardiopulmonary physiotherapy treatment can help lower this damage. He also explained all the possible precautions which should be taken by the Physiotherapists treating the Coronavirus patients in Intensive Care Unit to avoid the infection. The webinar was attended enthusiastically by the students and staff of the Physiotherapy Department.

Principal Dr. Mehal Singh congratulated the staff of the department for organizing this webinar on much needed topic. He also thanked Dr. Muthukumar for his valuable time. Dr. Mehal Singh said that this webinar has enlightened the students of Physiotherapy Department on how effective cardiopulmonary physiotherapy is in the Covid-19 treatment and said that Khalsa College is proudly offering the Master of Physiotherapy - Cardiopulmonary course since 2015.
